

To the FCC- How unbelievable to make it difficult for a radio station such as K-Love to transmit when the likes of Howard Stern can be heard anytime and anywhere and say pretty much whatever! K-Love has been such a blessing to people such as myself...being able to hear The Lord Father God Almighty talk to me thru the air waves is fascinating. Please do not make it anymore difficult than it all ready is! Leave K-Lover as it is. Understand, one day we all must die and stand before the Lord and answer for our days here. What will you say to Him?!
